

The True Christmas Project Candy Cane Assembly Instructions

- 1) Print whichever printable you want from our website, or print a mix!

[Black and white printable](#)

[Full color printable](#)

- 2) Cut out each tag. Be careful not to leave too much extra white space or cut into the border too much, as this will be important for the next step!
- 3) Fold the paper in half from the long end so that the blank side of the paper touches itself.
- 4) Take your scissors and cut along the little lines at the top and bottom. This will allow you to slide the candy cane through.
- 5) Once the slits are cut, take your candy cane and slide it through the slits. Make sure the candy cane goes behind all the content and out the other side (see image for an example).
- 6) Now flip it over so you see the blank side of the paper. Take a small piece of tape (clear tape works best and doesn't show through) and lay it over the candy cane so it touches the paper on both sides. This keeps the paper from falling off easily!
- 7) Repeat steps 3–6 until you're satisfied you have enough, or run out of candy canes! If you run out of tags, we highly recommend printing more—maybe a different one this time!
- 8) Before you hand them out or leave them to be found, we recommend praying over them and those who come in contact with them. Pray that they will find Jesus, or at the very least attend a Christmas service this year!

Materials:

- Candy Canes (there is no such thing as too many!)
- Tags, printed
- Tape
- Scissors
- A happy spirit
- A group of like-minded individuals (*optional, but recommended*)
